HOUSE CONCURRENT RESOLUTION NO. 105

BY REPRESENTATIVE HAVARD

TRANSPORTATION: Creates the Special Permit Task Force

1 A CONCURRENT RESOLUTION

2 To create the Special Permit Task Force to study and make recommendations regarding
3 special permits issued by the Department of Transportation and Development for
4 oversize and overweight truck movement on state highways.

5 WHEREAS, Louisiana law provides for approximately twenty-eight statutory special
6 permits which allow for oversize and overweight truck movement on state highways, in
7 addition to other special permits issued by the Department of Transportation and
8 Development pursuant to inter-state agreements; and

9 WHEREAS, the large majority of the special permits issued by the Department of
10 Transportation and Development apply to loads that exceed the weight limits ordinarily
11 applicable to vehicles traveling on the roads and bridges of this state, as set forth in R.S.
12 32:386; and

13 WHEREAS, studies have found that heavy loads, when traversing bridges on the
14 state highway system, can produce a significant strain on those bridges, which in turn can
15 lead to substantially increased maintenance needs; and

16 WHEREAS, Louisiana has nearly eight thousand bridges on the state highway
17 system, more than three thousand of which are past their fifty-year design life, including
18 more than three-fourths of state-owned timber bridges; and

19 WHEREAS, historically, the state has struggled to find adequate funds to maintain
20 or replace aging bridges on the state highway system, causing an increasing number of state
21 bridges to have to be load posted due to their condition, with the last count of such bridges
22 reaching five hundred sixty seven; and

1 WHEREAS, deterioration of state bridges can create risks for the state and the
2 traveling public, including the commercial users of those bridges.

3 THEREFORE, BE IT RESOLVED that the Legislature of Louisiana does hereby
4 create the Special Permit Task Force to meet and make recommendations to the legislature
5 and the Department of Transportation and Development on actions necessary to accomplish
